

John Pansze Bio

A native Oklahoman, John Pansze began exploring the mysteries of magic in 1976. After gaining experience locally and forming his own style of comedy and magic, John expanded his performances within the region and on the West Coast. Over the years, he has considered himself fortunate to have performed with numerous magicians, including the late Doug Henning.

John's magical interests have evolved from close-up magic to parlor magic and eventually to include an illusion show. Even against the fierce competition of the electronic age, John's magic has prevailed as one of the few arts, which can be presented for children, as well as adults, in a variety of surroundings.

John is proud to be a member of the Society of American Magicians, International Brotherhood of Magicians, and locally, the Oklahoma City Magic Club. These associations and their talented members allow him to stay on the cutting edge of new effects and magical mysteries.

He can work in a variety of settings, including numerous special events. He can design a performance tailor made for your needs, if desired. He would welcome an opportunity to provide entertainment for you. His performances as a professional comedy magician are particularly well received by audiences and lend themselves well to corporate events, company banquets, and private parties.

Entertaining Balloon Art is something he has been specializing for many years. The balloon twisting is fun for young and old. The entertaining balloon sculpturing can be enjoyed for private parties, as well as company parties and picnics, city and town festivals, school events, retirement centers, restaurants, and much more.
